**PAYMENT DUE:    Wednesday 7<sup>th</sup> June, 2017 - via Qkr please**

(no late payments will be accepted after the due date unless prior arrangements are made via the school office)

As part of our History and Science learning this year, students in years 2 & 3 will visit the Melbourne Museum & IMAX Movie Theatre.

Students will participate in a workshop called 'Toys & Games' where they will observe and interact with traditional playthings and games from different historical periods within the museum environment.

Students will also see 3D film 'GALAPAGOS' at IMAX. This film links to our current exploration of the diversity of plant and animal life on Earth and how different species are adapted to their Environment.

'Galapagos' details an expedition led by a marine biologist from the Smithsonian Institution's National Museum of Natural History, to the Galapagos islands, a world that is still relatively new and evolving. The film will give the students an opportunity to experience life at a depth of more than 3000 feet which has never before been seen by mankind.

**If your child will not be attending please email your teacher or [the.patch.ps@edumail.vic.gov.au](mailto:the.patch.ps@edumail.vic.gov.au) by the due date. Thank you.**
