

The Patch Primary School 2025 Parent Payment Arrangements

Dear parent/guardian,

The Patch Primary School is looking forward to another great year of learning opportunities and would like to advise you of The Patch Primary School's voluntary financial contributions for 2025.

Schools provide students with free instruction to fulfil the standard Victorian curriculum, and we want to assure you that all contributions are voluntary. We appreciate that the past few years has been incredibly difficult for everyone, particularly for families experiencing financial hardship. In light of this, our School Council have made the decision not to increase the Parent Payment Charge for the past five years.

Our staff put considerable effort into selecting the very best resources and materials for your child's learning needs, and this comes with the experience of assessing suitability, durability and value for money. This includes stationery, bulk materials, online learning resources, etc. Items are trialled, tested and reviewed.

While all financial contributions are voluntary, the ongoing support from families ensures that our school can offer the best possible educational resources and support for our students.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

We want to thank you for all your support, whether that's through voluntary contributions, fundraising and/or volunteering your time. This has made a huge difference to our school and the programs we can offer.

Yours sincerely,
