

Incursion: Year 5 & 6 Robogals Incursion
Date: Wednesday August 12th
Time: A one hour session during normal school hours
Cost: Free
Venue: School

Dear Parents,

As part of our school's celebration of **National Science Week**, we are pleased to have an incursion provided by Monash University Engineering students entitled **Robogals**.

Robogals is an incursion that introduces the students to programming and engineering via the *Lego Mindstorm* program. Students will be:

1. Getting the bots to move through a maze
2. Programming a short dance routine
3. Using the sensors to make the bot not fall off the table/not bump into things

This incursion is **FREE** and will take place **Wednesday August 12th**. Each class will have a one hour session as part of the specialist program.

5/6 C 9am – 10am

5/6 B 10am – 11am

5/6 A 11.30am – 12.30pm

Thanks

Tania Blandthorn

Science Coordinator
